

VIDE NOIR

THE WINE

INSPIRATION

Vide Noir is a dark and immersive red blend made in collaboration between Lord Huron and Echo Echo Wine Company. The style and flavor was inspired by an earthy Rhone blend tasted by the band on a European tour, and was crafted to complement the band's new album, Vide Noir.

TASTING NOTES

Deep purple. . . in the glass. Aromas of plum, violets, pepper and spice with notes of Bing cherry and cocoa, supported by subtle yet enduring tannins. Pairs well with meat or a meat alternative – especially rich dishes like cassoulet or marinara that stand up to the lush and robust wine.
